

CitiDirect® Mobile

Anytime, anywhere, real time

CitiDirect. Enjoy mobile access today!

CitiDirect Mobile offers convenient access to the most essential CitiDirect electronic banking functions such as: payment authorization, real time access to account balance information and transaction history on your company's accounts. You can access the user-friendly mobile version of CitiDirect anywhere and at any time on your smartphone, tablet or even PC.

What are the benefits of CitiDirect Mobile?

- **payment management at any place and at any time**—quick access to key account functions,
- **intuitive navigation**—clear and user-friendly interface,
- **security**—powerful security mechanisms, the same as in the main version of the system,
- **device-agnostic solution**—log into the mobile version from any mobile device: a smartphone, a tablet or a PC,
- **no need to install any software**—it can be accessed directly through an Internet browser,
- **free of charge access** to mobile banking for all CitiDirect users.

Key functions of CitiDirect Mobile banking:

- authorization and release of company's payments,
