- 1.19.** After the end of the term of the agreement on the provision of services by electronic means, the Account Holder shall promptly return to the Bank all carriers and devices as well as unused bank forms provided by the Bank.
- 1.20.** The Account Holder shall use due diligence with respect to (i) storing and using the bank forms as well as systems, carriers and devices provided by the Bank, and (ii) protecting the procedures agreed between the Bank and the Account Holder used by the Account Holder, inter alia, to initiate instructions, including payment instructions or statements and declarations, including declarations of intent, applications and requests, including set up requests, against unauthorized third party access.
- 1.21.** The Account Holder shall notify the Bank, either over the telephone through CitiService consultants or in writing to the address provided at the Bank's website, of (i) the loss of, damage to or unauthorized use of the systems, carriers or devices provided by the Bank, or (ii) third party access to the procedures agreed between the Bank and the Account Holder used by the Account Holder, inter alia, to initiate instructions, including payment instructions or statements and declarations, including declarations of intent, applications and requests, including set up requests, against unauthorized third party access, immediately upon ascertaining that this has happened. Until the Bank has been duly notified, subject to potential restrictions arising from the rules of law, the Account Holder shall bear the risk arising from the use of (i) lost or damaged systems, carriers or devices, or (ii) the procedures to which unauthorized parties have obtained access. Information given to the Bank orally should be immediately confirmed in writing.
- 1.22.** Pursuant to Article 109 of the Banking Law Act and Article 384 of the Civil Code or any other acts that amend or supersede them, the Rules shall be binding on the Account Holders, the Bank and all other persons with whose aid the Bank provides services related to the running of the Accounts. In the event of any discrepancies between these Rules and the bank account agreement or another agreement to which these Rules apply, the parties shall be bound by the terms of the relevant agreement.

- 1.23.** The Account Holder, under terms set forth in the Act and in these Rules, may use the following services provided by a third party:
- a) payment initiation service,
 - b) account information service,
 - c) the service under which the Bank, at the request of a vendor issuing payment instruments based on a payment card, confirms that the payment Account of the Account Holder contains the amount required to fulfill the payment transaction executed on the basis of that card.

The third party (“**third party provider**”) is understood as an entity which, pursuant to the Act, conducts business activity in the scope of payment initiation services or account information services, or issue of payment instruments based on a payment card.

- 1.25.** The Account Holder undertakes to notify the Bank of each event that has or may have direct or indirect influence on the security of services provided by the Bank, including in particular the telecommunication and IT or financial security of the Bank or the Account Holder, immediately after the occurrence of such event, and to provide the Bank with all information regarding such event.

CHAPTER II

BANK ACCOUNT AGREEMENT

- 2.1.** The Bank opens and maintains Accounts, in particular current accounts and auxiliary accounts, in Polish zloty and in other currencies on the basis of a bank account agreement.
- 2.2.** A bank account agreement obliges the Bank to hold the Account Holder’s funds and to make cash-free or cash settlements on its instructions, as envisaged in the bank account agreement or in separate agreements. The activation of individual types of settlements must be agreed between the Bank and the Account Holder and additional agreements on the provision on banking services need to be concluded or applications need to be submitted on forms provided by the Bank, respectively.
- 2.3.** A bank account agreement may be concluded and the Bank may initiate the provision of the services relating to the Account after all documents indicated by the Bank have been supplied, in particular documents establishing the identity and legal status of the Account Holder applying to enter into a bank account agreement and documents indicating the persons authorized to make declarations on the Account Holder’s behalf with respect to its financial rights and obligations along with the legally required information on such persons. The Bank reserves the right to demand additional documents and information from the Account Holder both at the time the bank account agreement is concluded and during its term.
- 2.4.** In the event that documents issued abroad are presented, the Bank may demand that the Account Holder obtains a certificate of compliance of such documents with the law of the location where the documents were issued from a Polish diplomatic representation or consular office, or as otherwise agreed with the Bank, and if the document is issued in any language other than Polish or English, the Bank may further demand that a translation of the documents into Polish or English by a sworn translator is supplied.
- 2.5.** The specimen signatures card shall be binding for all Accounts maintained for the Account Holder by the Bank, unless the parties agree otherwise. The Account Holder shall be responsible for the authenticity of the signatures of persons authorized to give instructions in relation to the Account that are listed on the specimen signatures card in cases where these signatures have not been affixed in the presence of the Bank employee.
- 2.6.** Unless otherwise agreed in the bank account agreement or in the specimen signatures card, persons authorized in the specimen signatures card to act on behalf of the Account Holder may carry out all actions related to the maintaining of the Account, including, in particular, using the funds in the Account, except for actions to terminate the Account. Moreover, signatures placed under the specimen signatures card by persons authorized to represent the Account Holder may be treated as signature specimen and used to verify signatures made on behalf of the Account Holder when entering into all kinds of agreements and signing documents tied to products offered by the Bank.

CHAPTER III

INTEREST RATES

- 3.1.** Unless the bank account agreement states otherwise, funds held in the Account shall bear interest at a variable rate per annum determined by the Bank. The variable interest rate may periodically have a positive or negative value.
- 3.2.** The Bank may change the interest rate during the term of the bank account agreement. The change of the interest rate depends on an increase or drop in any of the following factors:
- a) change of the legal or regulatory situation,
 - b) change of market conditions and economic situation,
 - c) change of the costs of banking business or income of the Bank.

A change in the interest rate does not constitute a change of the bank account agreement and does not require the termination thereof. A change in the interest rate shall come into force as of the date specified by the Bank. Information on the interest rate in effect at any given time shall be notified to the public at the Bank’s units, on the Bank’s websites or in another form agreed between the Account Holder and the Bank.

- 3.3.** Interests on the funds held in the Account shall be calculated in the currency of the Account from the date they are paid into the Account up to and including the day preceding the date the funds are withdrawn from the Account.
- 3.4.** Unless otherwise agreed between the Account Holder and the Bank, the interest on the funds held in the Account shall accrue for monthly settlement periods and, if the bank account agreement terminates or expires before the end of a given settlement period, until the day preceding the date the bank account agreement terminates or expires. On the first day of the following settlement period or on the date the bank account agreement terminates or expires, the Bank shall, respectively, credit the Account with the amount of positive interest or debit the Account with the amount of negative interest (stated as an absolute value). If both a positive and negative interest rate applies in a given settlement period, the Bank shall credit and debit the Account with the positive and negative interest separately.

CHAPTER IV

BANK STATEMENTS

- 4.1.** Unless otherwise stipulated in the bank account agreement, on each business day, provided there is a change in the balance of the Account, the Bank shall send bank statements to the Account Holder or enable their downloading in electronic form confirming each amount debited from and credited to the Account Holder's Account. The Account Holder must immediately report to the Bank each case of inability to access the electronic version of the bank statement.
- 4.2.** In the relations between the Bank and the Account Holder, bank statements are the basic evidence confirming the correctness of the information contained therein, unless the Account Holder presents written evidence indicating an inconsistency between the contents of the bank statement and the actual state of affairs.
- 4.3.** If the Bank ascertains that it has made an error in any confirmation, bank statement, notification or any other document delivered to the Account Holder, it shall promptly notify the Account Holder of this and remedy the error in accordance with the terms of clause 4.4. of the Rules.
- 4.4.** The Bank shall correct any accounting entries in the Account entered incorrectly or caused by a typing error, with consideration to limitations arising from mandatory provisions of law, by way of an adjustment entry. The Bank shall notify the Account Holder of such an adjustment entry in the bank statement.
- 4.5.** The Bank, taking into account the limitations arising from mandatory provisions of law, may adjust entries in the Account if the Account is credited with funds that do not belong to the Account Holder.
- 4.6.** The Account Holder shall notify the Bank of any claims arising in connection with bank statements within the time limit of 30 days of receipt of a bank statement either by electronic means, or over the telephone through CitiService consultants, or in writing to the address provided on the Bank's website. Failure to notify the Bank of claims in the aforementioned period means that the Account Holder agrees with the information contained in the statement.
- 4.7.** Provided the parties agree this in the bank account agreement, the Bank shall provide information on the balance of the Account over the telephone if the password and Account number given by the Account Holder wishing to obtain such information agree with those stated in the schedule to the bank account agreement or if the Account Holder is identified in another way specified in the bank account agreement. The Account Holder may change the password on its own initiative or at the Bank's request at any time, using an electronic form or in writing, sending a letter to the address provided on the Bank's website.
- 4.8.** Provided that the Account Holder gives a relevant consent and meets other conditions provided for in the Act, at the request of an authorized third party provider who conducts business activity in the scope of issuing payment instruments based on a payment card operating in accordance with the Act, the Bank shall immediately confirm the availability on the Account of the amount necessary to execute a payment transaction executed on the basis of that card.

CHAPTER V

USING THE FUNDS IN THE ACCOUNT

- 5.1.** The Account Holder may freely use the funds held in the Account, subject to the exceptions provided for in clause 5.2. of the Rules.
- 5.2.** The Bank shall carry out the Account Holder's instructions if the funds in the Account are sufficient for the instructions to be carried out and provided there are no restrictions on the use of the funds in the Account, subject to the terms of clause 5.3. of these Rules and also if a separate agreement concluded with the Bank allows the possibility of a debit balance in the Account.
- 5.3.** The Bank may carry out the Account Holders' instructions where there is a possibility of a debit balance occurring if amounts sufficient to carry out the instructions are ensured:
- by transfers to the Account that have not yet been recorded in the Account, but that have already been made to Bank;
 - by credit that has been granted, but not yet recorded in the Account;
 - by funds from cash collateral that has been released or from a term deposit that has matured that have not yet been recorded in the Account, but whose maturity date falls on the date the instructions are to be carried out;
 - by funds from transactions with a future value date;
 - by funds from the settlement of securities transactions that have not yet been recorded in the Account whose settlement date falls on the date the instructions are to be carried out.

If a debit balance is not cleared by the end of the day in which such balance appeared in the Account, the Bank shall notify the Account Holder of the debit balance in the form of a statement. Such notification shall mean a summons to the Account Holder to pay the Bank an amount to clear the debit balance within 7 days. Unless otherwise agreed, the Bank may charge maximum interest for the delay as described in Civil Code over the period the Account has a debit balance. At the request of the Bank, the Account Holder shall provide his/her up-to-date annual financial statements (including audited consolidated and unconsolidated accounts, if prepared).

- 5.4.** If the Bank receives instructions from the Account Holder or when carrying out instructions originating from a third party (including other banks), it carries out such instructions based solely on the number of the Account shown in the instructions and does not verify whether the Account numbers are consistent with the beneficiaries of the transfer.
- 5.5.** The Bank may demand that the Account Holder provide additional oral or written explanations or provide documents that the Bank considers necessary for the instructions to be carried out.
- 5.6.** Subject to mandatory provisions of the law, including provisions regulating the performance of services by third party providers, the Bank may refuse to carry out the Account Holder's instructions that have been given (i) in a form other than that agreed with the Account Holder or with the use of documents other than the forms accepted by the Bank, (ii) through systems, carriers or devices not approved by the Bank, or (iii) with the use of procedures serving, for example, to initiate a payment instruction, that have not been agreed between the Bank and the Account Holder. The Bank may demand that the Account Holder communicates with the Bank in a specific way.
- 5.7.** In consideration of the security of the funds in the Account, the Bank may introduce security procedures with respect to each form in which the Account Holder gives instructions, and in particular, the Bank reserves the right to confirm over the telephone any instructions that result in debiting the Account. To confirm the instruction, the Bank shall telephone the persons indicated by the Account Holder in the applicable form within a time frame permitting to execute the instruction in accordance with clause 5.18. hereof. The Bank has the right not to carry out instructions if for any reasons it is unable to obtain confirmation over the telephone or if despite obtaining confirmation in the Bank's opinion such confirmation is not identical to the content of the instructions sent to the Bank.
- 5.8.** The Bank is open from Monday to Friday except for statutory holidays pursuant to Polish provisions of law on days off work ("**business day**").
- 5.9.** The Bank shall initiate executing the payment instruction on the day of receipt, and at the latest on the next business day following the receipt thereof, unless the Bank and the Account Holder agree that the execution of the payment instruction shall be initiated (i) on a specific date, (ii) at the end of a specified period. In the event when the funds in the Account are insufficient to execute the instruction given by the Account Holder, the execution of the payment instruction shall be initiated, and thus the instruction shall be deemed to be received, on the first day when the funds in the Account are sufficient to execute the instruction, subject to the availability of the funds in the Account within 3 business days from the date on which the Account Holder gave the payment instruction to the Bank. In the event where a payment instruction is received by the Bank (i) on a day that not a business day for the Bank, or (ii) on a business day but after the cut-off time communicated by the Bank on its website or in a separate notice, the instruction payment shall be deemed received by the Bank on the business day immediately following that day. The provisions of the previous sentence shall be applied accordingly to the determination of the moment when the funds transferred to the Account are received by the Bank.
- 5.10.** Instructions to make transfers in a currency other than the currency of the Account indicated in the instructions, shall be carried out as instructions to settle a payment with the Account indicated in the instructions after conversion into the currency of the Account according to the exchange rate at the Bank at the time the Bank carries out the instructions, unless the bank account agreement or a separate agreement between the Account Holder and the Bank stipulates otherwise.
- 5.11.** For payments into and withdrawals from the Account made in a currency other than the currency of the Account, the Bank's exchange rate in force at the time the Bank carries out the instructions shall be used for conversion purposes unless agreed otherwise between the Account Holder and the Bank.
- 5.12.** The Bank may specify an amount above which the Account Holder should declare its intention to make cash withdrawal by giving notice and the notice period, and also a list of currencies for which the Bank provides cash services in its specified locations. The Bank has the right to agree with the Account Holder on a disbursement limit for payment transactions carried out with the use of a payment instrument. The Account Holder may obtain information on the maximum amount and time limit for the notification of the withdrawal from locations of Bank Handlowy, over the telephone from CitiService consultants and on the Bank's website.
- 5.13.** In order for instructions to be carried out, the Account Holder must provide the Bank with full and accurate instructions to the extent required for carrying out in the Account the operation indicated in the instructions. In the case of instructions submitted via a third party, such instructions are given by the third party. The Bank is not obliged to verify the correctness and accuracy of the instructions provided. If instructions given are insufficient in the Bank's opinion, the Bank may refuse to carry them out.
- 5.14.** In each case the Account Holder shall be liable for the compliance of the instructions it has given with the law in force.
- 5.15.** The Bank shall promptly notify the Account Holder, in particular via the Network, over the telephone or by email, if it considers that it is unable to carry out the Account Holder's instructions.

5.16. In the event when a transaction is initiated by the Account Holder as the payer, the Account Holder shall not cancel or modify the instruction after its receipt by the Bank. A cancellation or modification of the instruction after its receipt is only possible with the consent of the Bank and on the basis of a separate instruction given by the Account Holder. The Bank has the right to charge the Account Holder for the cancellation or modification of a payment instruction. In case where the payment transaction is initiated by an authorized third party provider or by the recipient through the authorized third party provider, the Account Holder may not cancel the instruction after it had given consent to the authorized third party provider to initiate the payment transaction, or consent to the recipient to execute the payment transaction. In the case of a payment instruction regarding a payment transaction executed with a future date (including a standing order and a direct debit), the Account Holder may cancel or modify the instruction up to the business day preceding the date when the payment order is to be executed.

5.17. In each case when the instructions related to changing the currency of the money cannot be carried out for reasons due to the Account Holder, the Account Holder shall bear the costs related to accepting such instructions by the Bank, in particular the costs of ensuring by the Bank the specific currency amount for the given day and at the specific foreign exchange rate.

5.18. When executing a payment instruction given by the Account Holder in the currency of a Member State to a recipient whose payment services provider is located within a Member State, the Bank shall ensure that the amount of the payment transaction is credited to the account of that provider not later than:

- a) business day after the receipt of the payment instruction by the Bank, if the payment instruction (i) is in Polish zloty or Euro and addressed to an account of a payment service provider conducting business within the territory of the Republic of Poland, (ii) is in Euro and addressed to a payment service provider conducting business in another Member State, (iii) involves not more than one currency conversion between the Euro and the currency of a Member State outside the Euro area, provided that the required currency conversion is carried out in the Member State outside the Euro area concerned and, in the case of cross-border payment transactions, the crossborder transfer takes place in Euro;
- b) in all other cases, 4 business days after the receipt of the payment instruction by the Bank.

The periods referred to in (a) and (b) above may be extended by a further business day for payment transactions initiated by the Account Holder on paper (which, for the avoidance of doubt, includes payment transactions initiated by facsimile).

In the case of payment transactions other than specified above, when one of the payment services providers is located within the territory of the Republic of Poland or another Member State, and the second provider is located within the territory of another state, the periods referred to in (a) and (b) above are applied to those portions of the given payment transaction which are executed within the territory of the Republic of Poland or another Member State.

5.19. The Bank has the right to refuse to execute a payment instruction, including a payment instruction initiated through a third party provider or a payment instruction initiated by the recipient or through the recipient if (i) there is a reasonable suspicion that the instruction involves criminal activity, or (ii) there is a reason to believe that executing the instruction may result in violation of the contractual obligations arising from the bank account agreement, law, regulations, rules or other obligations applicable to the activities of the Bank, or (iii) the Account Holder does not have sufficient funds available to execute the instruction or executing the instruction (together with fees and commissions charged) would cause the existing limits to be exceeded or restrictions to be violated, or (iv) the instruction is unclear, illegible, incomplete, damaged, otherwise defective or not given in the required format, or (v) there is a suspicion that the entity submitting the instruction is not duly authorized to it or that the submission of such instruction is illegal, or (vi) in other cases as set out in the Rules and in the agreement made with the Account Holder. For the avoidance of doubt, in the case of instructions whose execution may result in violation of the contractual obligations arising from the bank account agreement, regulations, rules or other obligations applicable to the Bank's activity, the Bank shall also be entitled, at its own discretion, to block such an instruction, suspend its execution or screen it. If not prohibited by the applicable rules of law, the Bank shall deliver or make available to the Account Holder a notice of refusal to carry out a payment instruction, of blocking or suspension of execution in particular with the use of means of remote communication, through the debit transaction recipient or by electronic means. The Bank has the right to charge the Account Holder for the notice of refusal to carry out a payment instruction, provided that the refusal to carry out a payment instruction was justified.

5.20. The Bank has the right to block the possibility to use a payment instrument:

- a) for justified reasons relating to the security of the payment instrument;
- b) in connection with a suspected unauthorized use of the payment instrument or intentional causing of an unauthorized payment transaction.

If not prohibited by the applicable rules of law and not undesirable for security reasons, the Bank shall immediately notify the Account Holder about blocking the possibility to use the payment instrument and the underlying reasons, in particular with the use of means of remote communication, through the debit transaction recipient or by electronic means.

5.21. For transactions involving cash deposits made to the Bank Account the Bank has the right to consider that the Account Holder expressed his/her consent to proceed with the transaction and to credit the funds to the Account.

5.22. The Bank has the right to amend, without prior notice to the Account Holder, the charging option indicated by the Account Holder in the payment instruction, in order to ensure that the instruction is carried out properly, in accordance with the Act.

5.24. The consent to execute the payment instruction may also be given through an authorized third party provider, the recipient or the recipient's service provider.

CHAPTER VI

INSTRUCTIONS IN WRITTEN FORM

- 6.1.** Insofar as the Bank and the Account Holder agree that instructions shall be given in writing, a payment instruction made in writing shall be considered authorized if the instruction bears signatures of the persons authorized to represent the Account Holder, in accordance with the specimen signatures card and the method of representation stated in that card, unless the Bank and the Account Holder agree otherwise. Instructions, including a payment instruction in writing, shall be deemed received, subject to clause 5.9., upon their delivery to a location of Bank Handlowy identified on the Bank's website as a location accepting such instructions.
- 6.2.** In the event that authority to give instructions is granted to a certain person or revoked in writing, the granting and revocation of such authority is effective towards the Bank once the Bank has ascertained that it is genuine.
- 6.3.** A payment transaction initiated by the Account Holder through the SWIFT system shall be deemed to be authorized if the Account Holder agreed to carry out the transaction by entering the payment instruction in the SWIFT system, so that the Bank could read its content.

CHAPTER VII

INSTRUCTIONS GIVEN VIA THE NETWORK

- 7.1.** As long as a relevant agreement provides for this, the Account Holder may give instructions via the Network.
- 7.2.** The Bank undertakes to provide access via the Network to the funds deposited in the Account and also to carry out operations or other activities specified, in particular, in the set up requests referred to in clause 7.11. of the Rules ordered by the Account Holder by giving relevant instructions or in agreements made with the Bank.
- 7.3.** The Bank shall ensure uninterrupted operation of the Network on business days. At the same time, the Bank reserves the right to interrupt the operation of the Network for the purposes of maintenance work without prior notice to the Account Holder, which may result in a refusal to authorize or execute the instructions.

 - i) scan the device used to communicate with the Bank, including in particular use of the Network to ensure protection against viruses and other malware (e.g. Trojans) each time the device is started up or an external data carrier is connected to it.
- Additionally, the Bank recommends to the Account Holder to create a procedure concerning the safe use of devices for communicating with the Bank, including in particular the use of the Network, required to be followed by the Account Holder, and that the staff should be trained in this respect on an on-going basis.

- 8.4.** The Bank may treat all instructions sent by fax as described in clause 8.3. above as the Account Holder's formal instructions.
- 8.5.** The Bank may confirm, over the telephone, the Account Holder's instructions given by fax. The Bank may refuse to carry out instructions if for any reason it is unable to confirm instructions over the telephone or if despite confirmation in its opinion the confirmation is not identical to the content of the instructions faxed to the Bank. The Bank may refuse to carry out instructions given by fax also if in any way they are not consistent with the procedures agreed between the Bank and the Account Holder.
- 8.6.** All keys generated by the Account Holder shall be valid only once the Bank has received confirmation of receipt of the Instructions signed by authorized representatives of the Account Holder, whereby this confirmation may not be provided to the Bank later than 14 days after the Account Holder receives the Instructions. - 9.3.** A payment instruction given over the telephone shall be considered to be authorized if the identity of the person authorized by the Account Holder has been confirmed on the basis of questions concerning the identification data provided beforehand, and, if required, the authorized person gives the correct password. The Bank shall confirm the Account Holder's telephone instructions in writing in a statement or in another form of the Bank's choice, unless the parties agree otherwise in writing.
- 9.4.** Telephone instructions given by the Account Holder to the Bank authorize the Bank to prepare written confirmation of the Account Holder's instructions. This confirmation shall be an accounting document in the meaning of accountancy provisions.
- 9.5.** The carriers containing the recordings of telephone instructions and also written confirmation of these instructions shall be archived pursuant to general provisions on the duration and method of archiving banking documents.
- 9.6.** The Account Holder may obtain information on the balance of the Account, the most recent operations carried out, exchange rates in force, interest on term deposits and the time limits in which transactions given through IVR Automatic Banker are effected, after the Bank has issued persons authorized by the Account Holder with an appropriate identity card and a PIN code, on the basis of prior verification of the password previously assigned by the Account Holder or otherwise, in line with the bank account agreement.

The Bank shall not be held liable for any losses arising from the use of such non-encrypted electronic mail unless the errors are attributable to intentional fault of the Bank.
- 10.3.** The Account Holder shall ensure that persons capable of receiving emails sent to the addresses given by the Account Holder have been authorized by the Account Holder to receive the information contained in the emails.
- 10.4.** The information emailed by the Bank shall be sent in the format agreed with the Account Holder, with the provision that the Bank has the right, in justified circumstances, to change the format in which the data is to be transmitted. The Account Holder shall be notified of a change of format in the first message sent in the new format.
- 10.5.** The security of the information contained in attachments to a message sent by the Bank by email may be ensured, subject to the Bank's consent, by the use of a password provided by the Account Holder when arranging the method, conditions and rules for the provision of services by electronic means. The Account Holder may change this password by emailing a relevant application or by filling in a relevant electronic form, stating that the application relates to a change of the terms on which the service is provided and indicating the new password. The Bank shall be obliged to commence the use of the new password within five business days of receiving such application.

DIRECT DEBIT

- 11.1. The Bank shall make the direct debit service available to the Account Holder, as the debit transaction recipient ("Creditor"), the terms of which shall be set out in a separate agreement. The Bank shall make the direct debit service available to the Account Holder, as the payer provided that it has obtained the prior consent from the Account Holder to debit their Account with the amount of the transaction initiated by the Creditor ("**Mandate**") as specified in clause 11.2. below, and provided that other conditions that arise from the rules of provision of the direct debit service used on the inter-bank market are met.
- 11.2. Subject to the last sentence in this clause, the Bank shall commence the provision of the direct debit service within 3 business days from obtaining the Mandate and satisfying any additional conditions that arise from the rules of provision of the direct debit service used on the inter-bank market. The Mandate should contain, as a minimum, the Account number, the name and signature of the payer, the name of the Creditor and the following features as agreed with the Creditor: the unique ID of the Creditor and the unique ID of payments, arising from the given legal relationship between the payer and the Creditor and other elements arising from rules of provision of the direct debit service used on the inter-bank market. In the event of direct debit transactions in Euro ("**SEPA Direct Debit**") under the Business to Consumer ("**CORE**") scheme, the Mandate shall be given by the payer to the Creditor only, 5 business days before the value date at the latest.
- 11.3. Giving the Mandate and submitting the consent to the Bank (or, for SEPA Direct Debit under the CORE scheme - submitting to the Creditor) shall be equivalent to the authorization made by the Account Holder as the payer for all subsequent payment instructions initiated by the Creditor under the direct debit service until the Mandate is cancelled, in accordance with the provisions of the Rules.
- 11.4. The Account Holder may cancel the Mandate, with the exception of SEPA Direct Debit under the CORE scheme.
- 11.5. A mandate cancellation request of the Mandate made by the Account Holder should contain, as a minimum, the Account number, the name and signature of the payer, the name of the Creditor and the following features as agreed with the Creditor: the unique ID of the Creditor and the unique ID of the payments, arising from the given legal relationship between the payer and the Creditor.

- 11.7. With the exception of SEPA Direct Debit, the Account Holder may submit within 5 business days from the day on which his/her Account is debited an instruction to refund an authorized transaction carried out under the direct debit service ("**A Refund Request**"). A Refund Request can be given either in writing to the address provided on the Bank's website or via the Network.
- 11.8. For SEPA Direct Debit transactions, a Refund Request can only be submitted in respect of SEPA Direct Debit under the CORE scheme. In that case, the Refund Request can be submitted within 8 weeks of the day when the Account of the Account Holder is debited. It is not possible to make a Refund Request with respect to SEPA Direct Debit under the Business to Business ("**B2B**") scheme. A Refund Request can be given in writing only.
- 11.9. The Refund Request should contain, as a minimum, the Account number, the unique ID of the Creditor and the unique ID of payments, arising from the given legal relationship between the payer and the Creditor, as well as the amount debited from the Account and the day when the Account was debited.
- 11.10. With the exception of SEPA Direct Debit transactions, the Account Holder may, at the latest by the end of the business day preceding the date on which the Account is to be debited, cancel the not yet executed payment transaction under the direct debit service ("**Cancellation Statement**"). A Cancellation Statement can be given either in writing to the address provided on the Bank's website, or via the Network.
- 11.11. The Cancellation Statement should contain, as a minimum, the Account number, the unique ID of the Creditor and the unique ID of payments, arising from the given legal relationship between the payer and the Creditor, as well as the planned date on which the Account is to be debited.
- 11.12. The Cancellation Statement shall not be considered to be a mandate cancellation request of the Mandate.
- 11.13. The Bank has the right to refuse to carry out a payment transaction involving debiting the Account under the direct debit service, in particular in the following situations:
- the funds in the Account are insufficient to cover the full direct debit transaction value,
 - the Account is closed,
 - no Mandate has been given,
 - a mandate cancellation request of the Mandate has been given,
 - the data provided in the Mandate does not match the data provided in the payment instructions initiated by the Creditor,
 - a Cancellation Statement has been made.

- 12.1. If this is agreed with the Account Holder, the Bank shall provide the service of accepting deposits of cash originating from the takings of commercial units of the Account Holder, in the closed form ("**Cash Deposit**").
- 12.2. The agreement on the execution of instructions in the form of Cash Deposits shall be entered into by signing a separate agreement or, when this is provided for in the bank account agreement, through delivery by the Account Holder to the Bank of the correctly completed Cash Deposit application ("**Application for Opening Closed Deposits**"), and accepting this application by the Bank.
- 12.3. The Account Holder shall previously agree with the Bank the locations where Cash Deposits will be made. The Account Holder may arrange with the Bank that Cash Deposits will be made through locations of the Bank or ADM. The Account Holder accepts hereby the fact that adding new locations may result in an increase of the commissions on Cash Deposits, about which the Bank shall inform the Account Holder.
- 12.4. The Account Holder gives his/her consent to make a Cash Deposit through a location of Bank Handlowy (the Cash Deposit shall be considered to be authorized by the Account Holder) by delivering the Cash Deposit to the Bank, i.e. handing the package accordingly to an employee of the location of Bank Handlowy.
- 12.5. The Account Holder gives his/her consent to make a Cash Deposit through ADM (the Cash Deposit shall be considered to be authorized by the Account Holder) by dropping the package into an ADM unit.
- 12.6. In the case of changes of locations where the Cash Deposits are made, the Bank shall inform the Account Holder about the address of the new location by a letter or via the Network.
- 12.7. Packages with Cash Deposits should be packed in a secure tamper-evident envelope (without additional marking) and described in accordance with the provisions of clause 12.8. below.
- 12.8. The package should be described by placing the following data on it: name of the Account Holder, location of the location of Bank accepting the deposit (address) and identification number of the package, and should include the Electronic Deposit Slip ("**eDeposit Slip**") or the Bank Deposit Slip ("**Deposit Slip**"). The original eDeposit Slip or the Deposit Slip should be placed at the package with the cash in a manner visible without opening the package. At least two copies of the eDeposit Slip or Deposit Slip should be placed inside the package. The package content should be consistent with the amount and specification indicated in the eDeposit Slip or Deposit Slip.
- 12.9. Cash Deposits shall be made in the form of banknotes sorted by their nominal amount and ordered (obverse-reverse) held by a paper band or a rubber band (holding the whole Cash Deposit or only the individual denominations together) so that the banknotes cannot move.
- 12.10. Each package with the Cash Deposit should contain banknotes for an amount not lower than PLN 5,000 in one secure envelope.
- 12.11. The Bank may refuse to accept and process a Cash Deposit (i) if the Bank believes that the Account Holder will not comply with any of the rules specified in clauses 12.7. to 12.9., (ii) if the Bank believes that opening or counting the package containing such a Cash Deposit may pose a risk to health, life or property (e.g. contaminated package), (iii) in other situations specified in the Rules or in the agreement with the Account Holder.
- 12.12. The banknotes cannot be excessively worn out, damaged, with illegible numbers and serial markings.
- 12.13. For banknotes that fail to meet the requirements referred to in clause 12.12. above, the Bank (i) will refuse to accept and process the Cash Payment to that extent, (ii) will issue a discrepancy statement protocol ("**Discrepancy Statement Protocol**") and deliver it to the Account Holder indicating the amount of the worn out/damaged banknote and (iii) will hand over the worn out/damaged banknote to the National Bank of Poland for replacement. Upon the receipt of the funds from the National Bank of Poland, the Bank will transfer these funds to the Account, in accordance with the rules and amounts specified in the ordinance laying down the detailed rules and procedure for the replacement of banknotes and coins that are no longer a legal tender currency within the territory of the Republic of Poland due to wear or damage. The Bank shall return worn out/damaged banknotes that have not been replaced by the National Bank of Poland to the Account Holder, sending them by registered mail to the Account Holder's mailing address provided in the bank account agreement.
- 12.14. If in the eDeposit Slip or the Deposit Slip the amount expressed in digits is different than the amount expressed in words, the amount expressed in words shall be considered binding.
- 12.15. The exclusive proof of making the Cash Deposit and confirmation of crediting of the Account shall be the bank statement or a copy of the Discrepancy Statement Protocol. On request of the Account Holder, the Bank shall release to the Account Holder the authenticated copy of the eDeposit Slip or Deposit Slip, for an additional fee.
- 12.16. The Discrepancy Statement Protocols shall be drawn up, apart from the case described in clause 12.13. above, if a difference of at least PLN 50 is found in the Cash Deposit and they constitute the exclusive proof of finding such a shortage, surplus or counterfeit. If a difference at a lower amount is found in the Cash Deposit, the exclusive proof of finding a shortage, surplus or counterfeit shall be the bank statement. The Discrepancy Statement Protocols shall be delivered in writing, by e-mail or via the Network.
- 12.17. Unless the Bank and the Account Holder agreed otherwise, the Bank shall credit to the Account the amount of the actual content of the package (the amount after counting the Cash Deposit).

- 12.18.** If the account specified by the Account Holder in the eDeposit Slip or the Deposit Slip is different than the account specified by the Account Holder in the Application for Opening Closed Deposits or in the Agreement on Acceptance of Cash Deposits, and also when the correct account is not specified in the eDeposit Slip or the Deposit Slip, the Bank shall be authorized to credit the account specified in the Application for Opening Closed Deposits or in the Agreement on Acceptance of Cash Deposits.
- 12.19.** The risk of loss or damaging of Cash Deposits shall be transferred to the Bank upon confirmation of acceptance of such Cash Deposits by the authorized employee of the Bank in the eDeposit Slip or the Deposit Slip, or if Cash Deposits are transferred to the authorized representative of a different location of Bank Handlowy, upon confirmation of their receipt in the collector's report. The employee of the location of Bank Handlowy confirming the Cash Deposits affixes the date stamp to the payment slip or in the collector's report, along with an annotation "accepted without counting", noting down the number of packages and the date and time of the deposit, and signs the payment slip.
- 12.20.** The commission on Cash Deposits shall be calculated at the end of each month and debited from the account specified in the Application for Opening Closed Deposits or in the Agreement Acceptance of Cash Deposits, by the 5th business day of the next month.
- 12.21.** If there are insufficient funds for collecting the fees and commissions by the Bank on the date of charging the Account Holder with fees and commissions, the Bank may suspend the provision of the Cash Deposit service.
- 12.22.** In connection with the applicable regulations concerning the prevention of introducing assets from illegal or undisclosed sources into the financial market in accordance with the provisions of the Act on Counteracting Money Laundering and Terrorism Financing, the Account Holder hereby indicates each of the persons specified in the specimen signatures card for the account which is used to be credited with the Cash Deposit amount as the person responsible for making the instructions to make Cash Deposits within the meaning of the above Act.

CHAPTER XIV

TERM DEPOSITS

- 14.1.** If it is provided for in the agreement between the Account Holder and the Bank, the Account Holder may submit, using the valid application form, the instructions of opening and carrying a deposit ("**Deposit**") in zlotys and freely convertible currencies. Subject to clause 14.8. of these Rules, requests shall be made in the form provided for in the bank account agreement.
- 14.2.** The Deposit agreement shall be concluded on the terms and on the day agreed with the Bank, specified in the application form as the day of Deposit opening. The Deposit Agreement, if not renewed, shall be terminated on the last day declared in the application form, except that in the case of the overnight Deposit, the last day of the agreement term shall always fall on the first business day after the day of Deposit opening.
- 14.3.** Deposits, unless individual terms and conditions of the Deposit have been agreed, bear interest at the interest rate in force in the Bank on the first day of the Deposit agreement term. Deposits opened in Polish zlotys may bear interest at a variable or fixed interest rate. Deposits opened in a different freely convertible currency bear interest at a fixed interest rate. The provisions of clause 3.2. of the Rules shall apply to changes of the interest rate.
- 14.4.** The Deposit, except an overnight Deposit, may be renewed each time for the subsequent period upon consent of both parties. The application for Deposit renewal must be submitted to the Bank not later than one business day before the end of the Deposit agreement term. The Deposit renewed for the subsequent Deposit agreement term bears interest at the interest rate in force in the Bank on the first day of this term.
- 14.5.** The amount intended for Deposit opening should be present in the Account Holder's Account on the business day on which the Deposit is to be opened.
- 14.6.** Deposit opening shall be confirmed in the bank statement.
- 14.7.** The Bank shall establish and communicate on the Bank's website and over the telephone via the dedicated "**Depozyty**" call center:

 - the periods for which the Deposits are opened;
 - the currently valid interest rate for Deposits;
 - the minimum Deposit amount from which the Bank may agree with the Account Holder the individual conditions of the Deposit, covering the period, the amount and the interest rate on the Deposit.
- 14.8.** Having submitted to the Bank the request for opening Deposits on the basis of telephone instructions and having obtained the approval of this request by the Bank, the Account Holder may place telephone instructions of opening and operation, renewal and termination of Deposits, but except a frozen deposit and an automatic overnight Deposit.
- 14.9.** The Bank is not obliged to open a Deposit on the basis of a telephone instruction given by the Account Holder if the Bank and the Account Holder do not agree the terms of opening the Deposit. In particular, the following must be agreed between the Account Holder and the Bank in order for a Deposit to be opened, operated, terminated or renewed on the basis of the Account Holder's telephone instruction in accordance with the request referred to in clause 14.8 above:
- the number of the Account in the Bank from which the funds intended for the Deposit originate;
 - the amount and currency of the given Deposit;
 - the period for which the Deposit is opened;
 - the interest rate on the Deposit;

- e) the period for which the Deposit is renewed;
- f) the day on which the Deposit is to be closed; or
- g) the amounts of the fees.

The Bank and the Account Holder shall agree the above-specified terms over the telephone, and if they do not agree them in the above manner and the Bank has agreed to open a Deposit, the terms shall be determined on the basis of the provisions of the request referred to in clause 14.8. of the Rules and other agreements entered into between the Bank and the Account Holder.

- 14.10.** Save for the case of early termination of the Deposit by the Account Holder, the interest shall accrue on the Deposit for the actual number of days of the period for which the Deposit amount remains in the Bank, counting from the day of Deposit opening to the day preceding the last day of this period, inclusive.
- 14.11.** Submitting the instruction to withdraw or transfer the Deposit amount or its part before the end of the Deposit agreement term results in lowering of the interest rate to the level stipulated by the Bank in the Table of Interest Rates on Deposits.
