

CitiDirect

- benefit from tablet access today!

CitiDirect BE Tablet application offers a new, convenient way to access CitiDirect, simplifying the everyday management of your company's finances.

The application enables access to the key account functions, allowing you to:

- authorize and release payments
- authorize and release payment batches
- view current balances of accounts held in:
 - Poland
 - other Citi branches all over the world
- access interactive visualizations of account balances (presented as maps and charts)
- filter the view of account balances

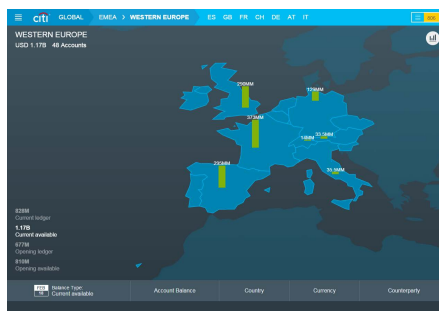

CitiDirect BE Tablet app was designed to meet the needs of the employees at the senior level and constitutes an easy and efficient way to use electronic banking on tablets.

The application allows effective monitoring of accounts and facilitates everyday work in CitiDirect. Users can benefit from the app to check the details of payments pending

authorization or release and authorize or release them on the go, anywhere and anytime.

Interactive data visualizations

The management of company's finances is further streamlined by visualisations of account balances available in the form of maps and charts on different levels of detail: global, regional and country level.
